Solid Waste Facility Permit

Under the provisions of N.J.S.A. 13:1E-1 et seq., known as the Solid Waste Management Act, this permit is hereby issued to

REPUBLIC SERVICES OF NEW JERSEY, LLC  
DBA/ MIDCO WASTES SYSTEMS  
MOUNT LAUREL TRANSFER STATION

Facility Type:	Transfer Station
Lot No.:	Part of Lot 13
Block No.:	1300
Municipality:	Township of Mount Laurel
County:	Burlington
Facility Registration No.:	0324000174

This permit is subject to compliance with all conditions specified herein and all regulations promulgated by the Department of Environmental Protection.

This permit shall not prejudice any claim the State may have to riparian land, nor does it allow the permittee to fill or alter, or allow to be filled or altered in any way, lands that are deemed to be riparian, wetlands, stream encroachment areas or flood plains, or that are within the Coastal Area Facility Review Act (CAFRA) zone, or are subject to the Pinelands Protection Act of 1979, nor shall it allow the discharge of pollutants to waters of this State without prior acquisition of the necessary grants, permits, or approvals from the Department of Environmental Protection.

### Scope of Permit

Republic Services of New Jersey, LLC d/b/a Midco Waste Systems-Mount Laurel Facility owns and operates a solid waste transfer station at 4100 Church Road in the Township of Mount Laurel. Republic is the successor owner/operator following several acquisitions and corporate reorganizations. A solid waste transfer station has operated on this site for over twenty years. The original permit, then called a Certificate of Approved Registration and Engineering Design Approval (CAREDA), was issued February 8, 1978 to Atlantic Recovery and Transfer System.

The Republic-Mt. Laurel Transfer Station receives municipal, bulky, construction and demolition, vegetative, and dry industrial wastes as defined by the State's solid waste regulations. These waste types are designated, respectively, ID 10, ID 13, ID 13C, ID 23, and ID 27. Within the dry industrial waste category, however, asbestos-containing wastes, non-hazardous chemical wastes, and small-quantity-generator hazardous wastes are excluded. Incoming trucks discharge waste to the elevated processing building tipping floor, and a front-end loader then moves the waste toward a loading chute through the floor. A grapple picks up the waste and drops it into a transfer trailer on the level below. Construction and demolition waste received during the day is held in a separate area of the tipping floor until a designated trailer can be loaded for transport to an off-site facility that is permitted to receive and process this waste type.

This permit does not convey any property rights of any sort, or any exclusive privilege. Failure to comply with all of the conditions specified herein may result in revocation of this permit and/or may result in such other regulatory or legal actions which the Department is authorized by law to institute.

## Section I

### General Conditions Applicable to All Permits

#### 1. Duty to Comply

- (a) Pursuant to N.J.A.C. 7:26-2.8(i), the permittee shall operate the facility in compliance with the requirements of N.J.A.C. 7:26-2.11.
- (b) Pursuant to N.J.A.C. 7:26-2.8(j), the permittee shall operate the facility in conformance with all of the conditions, restrictions, requirements and any other provisions set forth in this permit.
- (c) Pursuant to N.J.A.C. 7:26-2.8(k), except for minor modifications as set forth at N.J.A.C. 7:26-2.6(d), the permittee shall not modify, revise or otherwise change any condition of this permit without prior written approval of the Department.

#### 2. Duty to Reapply

- (a) Pursuant to N.J.A.C. 7:26-2.7(b)1, if the permittee wishes to continue the operation of this facility after the expiration date of this permit, the permittee shall apply for permit renewal at least 90 days prior to the expiration date of this permit, and the facility must be included in the District Solid Waste Management Plan at the time of such application.
- (b) Pursuant to N.J.A.C. 7:26-2.7(c), the conditions of this permit shall continue in force beyond the expiration date of this permit pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-11, until the effective date of a new permit if:
  - 1. The permittee has submitted a timely and complete application for a renewal permit pursuant to (a) above; and
  - 2. The Department, through no fault of the permittee, does not issue a new permit with an effective date on or before the expiration date of this permit, due to time or resource constraints.
- (c) Pursuant to N.J.A.C. 7:26-2.7(d), permits continued under said section remain fully effective and enforceable, and if the permittee is not in compliance with any one of the conditions of the expiring or expired permit the Department may choose to do any or all of the following:
  - 1. Initiate enforcement action based on the permit which has been continued;

2. Issue a notice of intent to deny the new permit under N.J.A.C. 7:26-2.4. If the permit is denied, the permittee would then be required to cease activities and operations authorized by the continued permit or be subject to an enforcement action for operating without a permit;
3. Issue a new permit under N.J.A.C. 7:26-2.4 with appropriate conditions; or
4. Take such other actions as are authorized by N.J.A.C. 7:26-1 et seq. or the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq.

3. Need to Mitigate

- (a) Pursuant to N.J.A.C. 7:26-2.8(p), should the Department determine that the facility is operating in an environmentally unsound manner, the permittee shall:
  1. Within 90 days of notification by the Department, submit a plan to close or environmentally upgrade the facility in conformance with the applicable standards, as determined by the Department and set forth in N.J.A.C. 7:26-1 et seq.;
  2. Within 90 days of receipt of written approval by the Department of the submitted plan, begin to close or construct the environmental upgrading at the facility; and
  3. Within one year of receipt of written approval by the Department of the submitted plan, complete closure or construction of the environmental upgrading at the facility.
- (b) Pursuant to N.J.A.C. 7:26-2.8(q), a one-time extension of the compliance schedule established by N.J.A.C. 7:26-2.8(p) shall be granted by the Department provided the permittee demonstrates that it has made good faith effort to meet the schedule.
- (c) Pursuant to N.J.A.C. 7:26-2.8(r), should the environmental upgrading required pursuant to N.J.A.C. 7:26-2.8(p) not be completed or should continued operations be determined by the Department to be environmentally unsound despite the implementation of the plan approved pursuant to N.J.A.C. 7:26-2.8(p), the facility shall temporarily or permanently cease operations and close or enter into receivership, as provided for in N.J.S.A. 13:1E-9, for that period of time necessary to rectify the environmentally unsound conditions.

4.     Permit Actions

- (a)     Pursuant to N.J.A.C. 7:26-2.6(a)1, if cause exists, the Department may modify, or revoke and reissue this permit, subject to the limitations of that section, and may require the permittee to submit an updated or new application in accordance with N.J.A.C. 7:26-2.6(e), if appropriate.
- (b)     Pursuant to N.J.A.C. 7:26-2.6(b), the Department may modify or, alternatively, revoke and reissue this permit if cause exists for termination under N.J.A.C. 7:26-2.6(c) and the Department determines that modification or revocation and re-issuance is appropriate.
- (c)     Pursuant to N.J.A.C. 7:26-2.6(d), upon the request of the permittee, an interested party or for good cause, the Department may make certain minor modifications to a permit without issuing a tentative approval, providing public notice thereof or holding a public hearing thereon.
- (d)     Where the permittee becomes aware that it failed to submit any relevant facts in a permit application, or submitted incorrect information in a permit application or in any report to the Department, the permittee shall promptly submit such facts or information.

5.     Signatory Requirements

- (a)     All completed registration statements submitted by the permittee shall be signed as specified at N.J.A.C. 7:26-2.4(e)1.
- (b)     All engineering designs and reports, the environmental and health impact statement, other information requested as "Addenda" by the Department pursuant to N.J.A.C. 7:26-2.4(f) and (g)4, and documents required to be submitted pursuant to N.J.A.C. 7:26-2.9, 2.10, and 2B.5, submitted on behalf of the permittee shall be signed by a person described in N.J.A.C. 7:26-2.4(e)1 or by a duly authorized representative of that person as specified at N.J.A.C. 7:26-2.4(e)2.
- (c)     Any person signing a registration statement, engineering design or report, environmental and health impact statement, or addendum mentioned in N.J.A.C. 7:26-2.4(e)1 or (e)2 submitted on behalf of the permittee shall make the certification specified at N.J.A.C. 7:26-2.4(e)3.

6.     Transfers

- (a)     Pursuant to N.J.A.C. 7:26-2.8(l), the permittee shall not transfer ownership of the permit without receiving prior written approval of the Department, in accordance with N.J.A.C. 7:26-2.7(e).

- (b) Pursuant to N.J.A.C. 7:26-2.7(e)1, a written request for permission to allow any transfer of ownership or operational control of the facility must be received by the Department at least 180 days in advance of the proposed transfer. The request for approval shall include the following:
  - 1. A registration statement completed by the prospective new permittee on forms provided by the Department;
  - 2. A disclosure statement as required by N.J.A.C. 7:26-16.4 completed by the proposed transferee;
  - 3. A written agreement between the permittee and the proposed new permittee containing a specific future date for transfer of ownership or operations.
- (c) Pursuant to N.J.A.C. 7:26-2.7(e)2, a new owner or operator may commence operations at the facility only after the existing permit has been revoked and a permit is issued pursuant to N.J.A.C. 7:26-2.4.
- (d) Pursuant to N.J.A.C. 7:26-2.7(e)3, the permittee of record remains liable for ensuring compliance with all conditions of the permit unless and until the existing permit is revoked and a new permit is issued in the name of the new owner or operator.
- (e) Pursuant to N.J.A.C. 7:26-2.7(e)4, compliance with the transfer requirements set forth in that subsection shall not relieve the permittee from the separate responsibility of providing notice of such transfer pursuant to the requirements of any other statutory or regulatory provision.

7. Registration Statement

- (a) Pursuant to N.J.A.C. 7:26-2.8(b), prior to May 1 of each calendar year the permittee shall submit to the Department a statement updating the information contained in the permittee's initial registration statement. This update shall be on forms furnished by the Department. In no case shall submission of an updated statement alter conditions of this permit.
- (b) Pursuant to N.J.A.C. 7:26-2.8(c), the permittee shall notify the Department in writing within 30 days of any change in the information set forth in the permittee's current registration statement.
- (c) Pursuant to N.J.A.C. 7:26-2.8(d), failure of the permittee to submit an updated registration statement and to submit all applicable fees required by N.J.A.C. 7:26-4 on or before July 1 of each calendar year shall be sufficient cause for the Department to revoke this permit or take such other enforcement action as is appropriate.

8.     Duty to Update Disclosure Statement

- (a)     Pursuant to N.J.A.C. 7:26-16.6(b), the permittee and/or facility operator shall report to the Department and the Attorney General within 30 days any changes or additions in the information required to be included in the disclosure statement as specified at N.J.A.C. 7:26-16.6.
- (b)     Pursuant to N.J.A.C. 7:26-16.6(c), the permittee and/or facility operator shall report any other changes in the information contained in the permittee's disclosure statement currently on file with the Department and the Attorney General in an annual update to be filed with the Department at the time of the permittee's annual renewal of its registration with the Department as specified at N.J.A.C. 7:26-16.6.

9.     Operating Record and Reporting Requirements

- (a)     The permittee shall maintain a daily record of wastes received. The record shall include the information specified at N.J.A.C. 7:26-2.13(a).
- (b)     The daily record shall be maintained, shall be kept, and shall be available for inspection in accordance with N.J.A.C. 7:26-2.13(b).
- (c)     The permittee shall verify, retain and make available for inspection a waste origin/disposal (O and D) form for each load of solid waste received in accordance with N.J.A.C. 7:26-2.13(c).
- (d)     The permittee shall submit monthly summaries of wastes received to the Division of Solid and Hazardous Waste, Bureau of Recycling and Planning and the Solid Waste Coordinator for the Burlington County District on forms provided by the Department (or duplicates of same) no later than 20 days after the last day of each month. The monthly summaries shall include the information specified at N.J.A.C. 7:26-2.13(e).
- (e)     Pursuant to N.J.A.C. 7:26-6.4, upon request by the Department, the permittee shall submit, in such form as the Department may deem appropriate, information concerning the sources of wastes received and the transportation or disposal patterns associated with such wastes.

10.    Conformance to the District Solid Waste Management Plan

Pursuant to N.J.A.C. 7:26-6.12(b), the permittee shall operate the facility in compliance with any applicable district solid waste management plan(s) as well as any amendments to and/or approved administrative actions concerning such plan(s). Should the permittee fail to comply with any applicable district solid waste management plan(s) as well as any amendment to or approved administrative actions concerning such plan(s), the permittee shall be deemed in violation of

N.J.S.A. 13:1E-1 et seq. and N.J.A.C. 7:26-1 et seq. and shall be subject to applicable penalties provided thereunder and any other applicable laws or regulations.

11. Compliance with Other State Regulations and Statutes

Pursuant to N.J.A.C. 7:26-2.8(h), the issuance of this permit shall not exempt the permittee from obtaining all other permits or approvals required by law or regulations.

12. No Change to Waste Identification

Pursuant to N.J.A.C. 7:26-2.13(c), the permittee shall designate waste remaining after processing, within the O and D form and the daily record of the facility, as the same waste type as originally received at the facility.

13. Computerized Scales Requirement

Pursuant to N.J.A.C. 7:26-2.13(a)8, the permittee shall install and operate computerized scales for the reporting requirements in N.J.A.C. 7:26-2.13.

End of Section I

## Section II

### General Operating Requirements

#### 1. General Operating Requirements For All Solid Waste Facilities

Pursuant to N.J.A.C. 7:26-2.11, the facility must be operated in compliance with the following general operating requirements:

- (a) Within each 24 hour period the operator shall clean each area where waste has been deposited or stored.
- (b) No waste shall be stored overnight at the facility without effective treatment to prevent odors associated with putrefaction.
- (c) Facility property surrounding the actual disposal area shall be maintained free of litter, debris, and accumulations of unprocessed waste, process residues and effluents. Methods of effectively controlling wind-blown papers and other lightweight materials such as fencing shall be implemented at the facility.
- (d) Methods of effectively controlling dust shall be implemented at the facility in order to prevent off-site migration.
- (e) The operation of the facility shall not result in odors associated with solid waste being detected off site in any area of human occupancy.
- (f) The operator shall maintain all facility systems and related appurtenances in a manner that facilitates proper operation and minimizes system downtime. When requested, the operator of the facility shall furnish proof that provisions have been made for the repair and replacement of equipment which becomes inoperative.
- (g) An adequate water supply and adequate fire-fighting equipment shall be maintained at the facility or be readily available to extinguish any and all types of fires. Fire-fighting procedures as delineated in the approved O and M manual, including the telephone numbers of local fire, police, ambulance and hospital facilities, shall be posted in and around the facility at all times.
- (h) The operator shall effectively control insects, other arthropods and rodents at the facility by means of a program in compliance with the requirements of the New Jersey Pesticide Control Code, N.J.A.C. 7:30, and implemented by an applicator of pesticides, certified in accordance with the New Jersey Pesticide Control Code, N.J.A.C. 7:30.

- (i) Only solid waste vehicles properly registered, pursuant to N.J.A.C. 7:26-3, with the Division of Solid and Hazardous Waste, unless exempt from the registration requirement pursuant to N.J.A.C. 7:26-3.3, and displaying the appropriate registration number and solid waste decal shall be admitted for loading and unloading of any solid waste at the facility. Solid waste vehicles exempt from registration pursuant to N.J.A.C. 7:26-3.3, or those which must be manually unloaded, shall not be admitted to the tipping area when registered commercial-type solid waste vehicles including, but not limited to, compactor trucks, trailers or any solid waste vehicle that tilts or uses other mechanical means to discharge its solid waste are being unloaded, or when other heavy equipment is being operated in the tipping area. The facility shall be sufficiently staffed to ensure that this requirement is not violated.
- (j) The operator shall designate a secure area under the facility's control, located a safe distance from the tipping area, where solid wastes may be unloaded from those solid waste vehicles which are either exempt from the registration requirements of N.J.A.C. 7:26-3.3 or which must be manually unloaded. Bulky items and recyclable materials may be provided for in this manner. It shall be the operator's responsibility to remove the bulky items, recyclable materials or other waste from the designated area at a frequency so as not to exceed the storage capacity of the areas.
- (k) The operator shall at all times comply with the conditions of the SWF permit as well as all other permits or certificates required and issued by the Department or any other Federal or State authority. The operator shall not receive, store, handle, process or dispose of waste types not specifically identified in the SWF permit or other permit or certificate issued by the Department.
- (l) The operator shall designate a secure area under the facility's control, located a safe distance from the active disposal area, where solid waste, including suspected hazardous waste which the facility is not permitted to receive, shall be deposited until the operator receives instruction from the Department as to the proper disposal of the non-permitted waste.
- (m) The operator shall maintain a record of the quantity of each authorized waste type accepted for disposal in accordance with N.J.A.C. 7:26-2.13.
- (n) Departmental inspectors shall have the right to enter and inspect any building or other portion of the facility at any time. This right to inspect includes, but is not limited to:
  - 1. Sampling any materials on site;

2. Photographing any portion of the facility;
  3. Investigating an actual or suspected source of pollution of the environment;
  4. Ascertaining compliance or non-compliance with any statutes, rules, or regulations of the Department, including conditions of the SWF permit or other permit or certificate issued by the Department; or
  5. Reviewing and copying all applicable records, which shall be furnished upon request and made available at all reasonable times for inspection.
- (o) The quantity of waste received by the facility operator shall not exceed the system's permitted handling, storage, processing or disposal capacity.
- (p) The facility shall be operated in a manner that employs the use of the equipment and those techniques for the receipt, storage, handling, processing or disposal of incoming waste and process residues that are specifically authorized by the SWF permit.
- (q) The operator shall provide a means of removing mud, solid waste or other debris from the tires of all vehicles. Vehicle tires shall be cleaned prior to the vehicle's departure from the facility's boundaries.
- (r) The approved final O and M manual shall be maintained at the facility. A written description of any proposed changes to the approved final O and M manual shall be submitted to the Department for review. These proposed changes shall not be implemented at the facility until the Department approves the changes.
2. General Operating Requirements for Transfer Stations and Materials Recovery Facilities
- (a) Pursuant to N.J.A.C. 7:26-2B.5(b)2, facility processing, tipping, sorting, storage and compaction areas shall be located within the confines of an enclosed building.
- (b) Pursuant to N.J.A.C. 7:26-2B.5(b)12, the installation, maintenance, operation, and repair of all systems identified within the interior layout of the facility shall comply with the requirements established by the Federal Occupational Health and Safety Administration and the New Jersey Worker and Community Right to Know Act.

End of Section II

### Section III

#### Specific Conditions Applicable to the Facility

##### 1. Permitted Waste Types

The permittee is authorized to accept the following waste types:

<u>ID</u>	<u>Description</u>
10	Municipal Waste (Household, Commercial and Institutional)
13	Bulky Waste
13C	Construction and Demolition Waste
23	Vegetative Waste
27	Dry Industrial Waste (Excluding Asbestos and Asbestos-Containing Waste, Non-Hazardous Chemical Waste, and Small-Quantity-Generator Hazardous Waste)

The permittee is not authorized to accept source-separated recyclable materials, any other type or description of solid waste as defined at N.J.A.C. 7:26-2.13(g) and (h), regulated medical waste as defined at N.J.A.C. 7:26-3A.6(a), or hazardous waste as defined at 40 CFR 261.3 and incorporated by reference at N.J.A.C. 7:26G-5.1.

##### 2. Approved Designs, Plans and Reports

- (a) The permittee shall operate the facility, and construct or install associated appurtenances thereto, in accordance with the provisions of N.J.A.C. 7:26-1 et seq., the conditions of this permit, and the following permit application documents which are incorporated herein by reference:
  - 1. The "Solid Waste Facility Permit Application Form" dated March 19, 2001 with latest revision dated November 13, 2002.
  - 2. The following documents prepared and submitted on behalf of the applicant by JCA Associates, Inc., certified by David W. Munion, P.E., and received by the Department March 19, 2001 :
    - i. "Environmental and Health Impact Statement" dated March 2001, revised May 2001 and September 2002.

- ii. "Transfer Station Engineering Report" dated March 2001, revised, May 2001 and September 2002.
  - iii. "Operations & Maintenance Manual" dated April 2000, revised September 2002, with additional pages revised September 2002 and October 2002.
3. The following maps and engineering drawings prepared and submitted on behalf of the applicant by JCA Associates, Inc. signed and sealed by David W. Munion, P.E., and received by the Department March 19, 2001:
- i. Cover Sheet [1 of 10], "Transfer Station Repermitting."
  - ii. C1 [2 of 10], "Key Map for Republic Services of New Jersey, Inc.," dated March 12, 2001.
  - iii. C1A [2A of 10], "Vicinity Map for Republic Services of New Jersey, Inc.," dated May 22, 2001.
  - iv. C2 [3 of 10], "Zoning Map for Republic Services of New Jersey, Inc.," dated March 12, 2001.
  - v. C3 [4 of 10], "Site and Landscape Plan for Republic Services of New Jersey, Inc.," dated May 22, 2001.
  - vi. C4 [5 of 10], "Traffic Circulation Plan for Republic Services of New Jersey, Inc.," dated May 22, 2001.
  - vii. ST1 [6 of 10], "Lower Level Plan and First Floor Framing Plan for Republic Services of New Jersey, Inc.," dated March 12, 2001.
  - viii. ST2 [7 of 10], "First Floor Plan for Republic Services of New Jersey, Inc.," dated May 22, 2001.
  - ix. ST3 [8 of 10], "Building Elevations for Republic Services of New Jersey, Inc.," dated May 22, 2001.
  - x. ST4 [9 of 10], "Details for Republic Services of New Jersey, Inc.," dated March 12, 2001.
  - xi. A1 [10 of 10], "Scale House for Republic Services of New Jersey, Inc.," dated March 12, 2001.

In case of conflict, the provisions N.J.A.C. 7:26-1 et seq. shall have precedence over the conditions of this permit, the conditions of this permit shall have precedence over the SWF permit application documents listed above, and the most recent revisions and supplemental information approved by the Department shall prevail over prior submittals and designs.

- (b) One complete set of the permit application documents listed in Condition 2(a) above, this Solid Waste Facility Permit, and all records, reports and plans as may be required pursuant to this permit shall be kept on site and shall be available for inspection by authorized representatives of the Department upon presentation of credentials.

3. Approved Operations

- (a) The permittee may accept a maximum of 650 tons of solid waste on any operating day. The material shall be deposited only on those areas within the building which have been specifically identified by the approved design drawings for such purposes. The permittee shall process the amount of material received by the end of each operating day. No material shall remain on the tipping floor overnight or at the facility for more than 24 hours.

Republic Services of New Jersey, LLC solid waste vehicles that deposit waste at the transfer station and return to the maintenance facility on the northern part of Lot 13 at the end of the work day shall do so via an approved on-site route. These vehicles shall not leave Lot 13 and pass through the intersection of Springdale and Church Roads.

- (b) The permittee shall accept and process waste at the facility in accordance with the following schedule:

- 1. Waste shall be accepted at the facility

Monday through Saturday, 7:00 a.m. to 7:00 p.m.

- 2. Waste shall be processed at the facility

Monday through Saturday, 7:00 a.m. to 9:00 p.m.

- 3. Facility maintenance and clean-up may be conducted

Monday through Saturday, 6:00 a.m. to 7:00 a.m.

Monday through Saturday, 7:00 p.m. to 9:00 p.m.

- (c) The permittee shall schedule the waste deliveries to the facility in such a manner as to minimize truck queuing on the facility property. The permittee shall stage vehicles in accordance with the queuing plan provided in drawing C4 listed in Condition 2(a)3 of this Section and shall provide for safe and orderly vehicle movements on site by using lane delineation, signs, and signal lights as appropriate. Under no circumstances shall delivery trucks and/or transfer trailers accessing or exiting the facility be allowed to park or queue on any public road.
- (d) The permittee shall inspect each incoming waste load to identify the incidence of designated recyclable materials mandated to be source separated by the District Recycling Plan applicable to the point of origin of the waste load. The permittee shall consult with each county recycling coordinator for the facility's service area on a quarterly basis to review those recyclable materials that are designated by each county to be source separated pursuant to N.J.S.A. 13:1E-99.13(b)2. Should any designated recyclable materials be detected in a delivered waste load, the appropriate county recycling coordinator shall be notified in writing. The permittee shall maintain a copy of each such notification at the facility. Whenever possible, the generator who failed to source separate the recyclable materials shall also be identified and reported to the county recycling coordinator.
- (e) In the event of a facility outage or other significant malfunction which would result in the facility's inability to process waste at a rate equal to or exceeding the rate of incoming waste, the operator shall immediately report such situation or event to the Department's "Environmental Hotline" at 1-877-WARNDEP (1-877-929-6337).
- (f) The permittee shall post at the facility and provide to the users of the facility a copy of the traffic routes described in the "Engineer's Report" referenced in Condition 2(a)2 of this Section. The permittee shall also post and provide to Republic drivers a copy of the on-site traffic route described on drawing C4 in accordance with Condition 3(c) of this Section.
- (g) The permittee shall not conduct materials recovery operations at this facility.
- (h) The permittee shall maintain the air pollution control equipment for the facility. The air pollution control system's filters shall be replaced in accordance with the manufacturer's specifications. The air pollution control system shall be turned on and functioning properly when solid waste is stored and/or processed within the building.

End of Section III
